AN ACTIVITY OF

MICAH PROJECTS INC

**Family Inclusion Network** is a network of parents and Brisbane non-government organisations who believe the voices of families matter.

We facilitate opportunities for parents and kin to be advocates for children and themselves on issues that affect their lives.

### **Why join the Family Inclusion Network?**

Members of the Family Inclusion Network work together to have their say on issues that affect children, families and community.

These issues can include government policy, child safety, family support services, health, and education.

Your voice is important and you can make a difference to the lives of families in Queensland.
